

## DEPART CONFERENCE 2 THE POSSIBILITIES FOR EDUCATION AND TRAINING ESPECIALLY FOR ROMA COMMUNITIES Pécs, 14th November 2016

### Recommendations

#### Recommendation on Roma integration measures in education and training:

- Increase the participation of Roma children in pre-primary education and invest into pre-primary education of Roma children along with supporting early childhood care programs.
- Improve motivation and attendance of Roma children in elementary schools.
- Improve access to high-quality education in the early childhood, but also elementary, secondary and university education for all Roma children.
- Development and implementation of desegregation standards in schooling which should respect the concept of social interaction of Roma and non-Roma children.
- Enforce the education of the Roma language > Romanes.
- Implement education about Roma as a minority in the mainstream education
- Prevent premature termination of school attendance of Roma children.
- Ensure a frictionless transition from school to employment.
